

Communique No. 8

Northern Territory Regional Training Network Council Update – September 2015

Record of meeting - Decisions and actions

Item 1 Matters Arising – 7 August 2015 meeting

NTRTN 2015 Priority Project

Recruitment action undertaken to recruit a temporary Workforce Data Analyst within NTRTN to work on a 6 months' workforce data project. Main aim is to review data from the 2015 Environmental Scan, update, analyse and provide base data with the ability to undertake workforce projections.

Clinical Training Placement Framework Practice

Work commenced to redevelop the framework document to focus on a 'best practice guide', including jurisdictional environmental scan of other clinical training placement guides. Aim to have a draft version in October.

NTRTN Stakeholder Survey

Due to low participation and complete rate of the Survey, NTRTN Council members decided to hold the Survey again in an effort to raise participation. Council members to further market through their networks the Survey to raise further awareness. Results of survey to be provided once data gathered.

NTRTN Forum

NTRTN Secretariat to email initially as an out of session to NTRTN Council members potential dates for Forum. Dates to take into consideration other Conferences/Forums being held across Darwin and in Alice Springs. It is anticipated that the theme of the Forum will focus on future of NTRTN.

Future of Regional Training Network

Discussions continued concerning ongoing funding and support to continue programs and initiatives funded previously by HWA. NTRTN Chair confirmed no formal advice from the correspondence sent to the Australian Government querying future of the regional training networks.

Item 2 Standing Items
